

ASSUMPTION PARISH COMMUNITY ASSET GUIDE

2021

**Food Systems
Physical Activity
Community Assets**

In 2018, the LSU AgCenter entered into a 5-year cooperative agreement with the Centers for Disease Control and Prevention (CDC) to address the nutrition and physical activity environments in six rural Louisiana parishes with some of the highest obesity rates in the state (Assumption, St. Helena, Tensas, Madison, Morehouse, and East Carroll). Through the LSU AgCenter's Cooperative Extension Healthy Communities initiative, multi-level, community-driven approaches are utilized to identify and implement Policy, Systems, and Environmental (PSE) change strategies, with the goal of promoting healthy behaviors among residents and improving obesity rates and quality of life.

Healthy communities are places where people come together to make their communities better for everyone through collaboration, inclusion, community ownership, and a long-term commitment to healthy lifestyles. The mission of Assumption Parish Healthy Communities is to improve the health and well-being of Assumption Parish residents through education, community outreach programs, partnerships and collaborations, and engagement in physical activity.

The following pages detail the strong network of resources, stakeholders, and community assets within Assumption Parish.

This asset guide provides information about the resources, knowledge, and skills that your community possesses.

FOOD SYSTEMS PSE CHANGES

13 food outlets across 6 rural parishes implemented healthy retail changes reaching an estimated 34,289 residents.

7 food pantries increased capacity to procure healthier foods by installing new refrigeration and storage.

4 food pantries adopted policies to improve the healthfulness of donated and procured foods.

2 new farmers' markets were established, and 4 existing farmers' markets were enhanced by implementing SNAP acceptance and connecting produce vendors to local markets.

24 new connections made between local producers and food retail opportunities as a result of farmers' market efforts.

"SNAP acceptance at the St. Helena Farmers Market brought much needed economic stimulation to the parish. Six months after we launched the SNAP Match program, our customer base increased 112% and vendors made over \$9,000 from SNAP Match alone.

Now, customers come from 11 different parishes to shop with us!"

- Marquette Anderson, LSU AgCenter Healthy Communities Extension Agent, St. Helena Parish

PHYSICAL ACTIVITY PSE CHANGES

10 destinations and 8 linear miles have been enhanced through policies and/or plans, potentially impacting 12,414 rural residents. From these plans, 2 linear miles of activity-friendly routes have been improved through the installation of wayfinding signs, speed bumps, crosswalks, and sidewalks.

3 connectivity plans have been passed to address 6 linear miles of activity-friendly routes, which include enhancements like bike repair stations, playground equipment, and recreation amenities (e.g., benches, lighting, trash cans, and signage) at various community sites (e.g., libraries, parks, schools, and levees). Collaboration with community stakeholders has also resulted in policies that seek to leverage existing community assets to create more opportunities for physical activity.

A joint-use policy was passed in St. Helena that allows community members to use an existing school track for physical activity outside of school hours.

"Assumption Parish residents deserve to live in communities that encourage healthy lifestyles. It has been my experience that no one is opposed to enhancing their community so that it can be a healthier place, but the path to make long-term, equitable change can be daunting. Working with elected officials, partner agencies, and community members to navigate these projects in my home parish has been very rewarding. To truly implement and maintain long-term, equitable change, we must continue to get to the heart of the matter, which lies in the hearts of the community members. If it means something to them, it will thrive."

ASSUMPTION PARISH

Demographics

Assumption Parish Ranks **38** out of **64** parishes in terms of overall health.

36%

Obesity Rate

17%

Food Insecure

28%

Physically Inactive

The Healthy Communities cooperative agreement between the Centers for Disease Control and the LSU AgCenter utilizes economic development strategies to improve the local food system and physical activity environment.

As of 2020, the unemployment rate of Assumption Parish was **5.1%**, compared to the state average of **4.8%**, and **7.4%** of the parish population lacked health insurance.

Tourism

Cajun Cabins at Bayou Corner	Sportsman's Dr., Belle Rose, 70241
<i>Cajun Cabins is a wonderful place to stay as it is located directly along Highway 70 with the best access to Louisiana's finest fishing holes.</i>	
Christ Episcopal Church	4805 LA-1, Napoleonville, 70390
<i>Built in 1853, the church has a rich Civil War history, once serving as a barrack for the Union troops and stable for their horses.</i>	
Church of the Assumption of the Blessed Virgin Mary	LA-308 Plattenville, 70393

The present church, built in 1793, was dedicated in 1856 and is one of the earliest settlements along Bayou Lafourche.

La Belle Riviere Bed and Breakfast

**1023 Belle River Road, Pierre Part,
70339**

On the banks of the Belle River, rental houses, fishing, and tours are available with a beautiful view of the Southern Louisiana swamps.

Lazy Day Marina & RV Park

954 Belle River Road, Pierre Part, 70339

This park is located in Belle River and has a boat launch and numerous houseboat slips for rent, while also offering a reserve for hunting in the swamp of the Atchafalaya Basin.

No Problem Raceway

6470 LA-996, Belle Rose, 70341

This 200-acre park is a multiplex for motorsports, including tons of amenities for drag and road racing.

St. Elizabeth Catholic Church

114 LA-403, Napoleonville, LA 70390

Built in 1902, this church is known for its large church bell that is located inside a special steel scaffolding outside of the church as it is too big and grand for either of the two towers.

Stella's Kitchen

**121 Washington St., Napoleonville,
70390**

This restaurant, located along Bayou Lafourche, is local law enforcement and military owned, specializing in homecooked meals and drinks.

St. Philomena Catholic Church

108 Brule Road, Labadieville, 70372

This church dates to the mid-1700s and is known as a sacred resting place for multiple generations of Acadians, French, and early Louisianians.

The Madewood Plantation

4250 Hwy 308, Napoleonville, 70390

The plantation is a prominent example of Greek Revival, but also stands out due to the blending of classical and Indigenous features that date back to the 1840s.

Louisiana Obesity Prevention Standards and Legislation

Policy Type	Policy #	Policy Description
	HCR 150	Directs the Department of Social Services to assess efforts in Louisiana to promote healthy food choices among recipients of Supplemental Nutrition Assistance Program
	HCR 231	Requests the Office of Group Benefits to conduct a study on the financial benefits of establishing a program to address the high rate of obesity in Louisiana.
	Act 388	Aims to stimulate investment in healthy food retail outlets in underserved areas and to combat food deserts by insuring everyone has access to fresh fruits and vegetables.
	Act No. 252	Healthy Food Retail Act to stimulate investment in healthy food retail outlets in underserved areas. Program created in the Department of Agriculture and Forestry and currently not funded.
	ACT 306	Amended 2005 Act 331, School Vending Bill, to provide that 100 (previously 50%) of beverages sold on high school campuses adhere to healthy guidelines.
	SCR 94	Requests the Department of Agriculture and Forestry and the Department of Education to implement a Farm to School Program and to assist schools with local procurement options for fresh fruit, vegetables, meats, and seafood.
	SCR 96	Requests the Department of Health and Hospitals and the State Board of Elementary and Secondary Education to submit jointly a report to the legislature regarding the availability of water for student consumption at elementary and secondary schools.
	HB 1	Among other items, sets standards for nutritious meals. The bill sets performance indicators for the School Food and Nutrition Program and for child and adult care food and nutrition activities to ensure that nutritious meals are served to children.
	HB 193	Authorizes the Board of Elementary and Secondary Education to promulgate rules and regulations to implement U.S. Department of Agriculture nutrition programs. The bill requires the Department of Education to implement the nutrition programs pursuant to such rules and regulations. It allows the department to conduct studies regarding methods of improving and expanding nutrition programs and promoting nutritional education in the schools, and also authorizes the department to conduct appraisals of the nutritive benefits of nutrition programs and report its findings and recommendations to the governor.

	HB 767	Revises nutrition standards for beverages sold in public high schools. The bill states that beverages offered for sale to high school students will be comprised of bottled water; no calorie or low-calorie beverages that contain up to 10 calories per eight ounces; up to 12-ounce servings of beverages that contain 100 percent fruit juice with no added sweeteners and up to 120 calories per eight ounces; up to 12 ounce servings of any other beverage that contains no more than 66 calories per eight ounces; or low-fat milk, skim milk and non-dairy milk. It requires that at least 50 percent of non-milk beverages be water and no-calorie or low-calorie options that contain up to 10 calories per eight ounces.
	SB 299	The Healthy Food Retail Act requires the Department of Agriculture and Forestry to establish a program that provides grants and loans to healthy food retailers that increase access to fresh fruits and vegetables and other affordable healthy foods in underserved communities. The program can finance new grocery store construction and renovations, farmers' markets and public markets; and food cooperatives, mobile markets and healthy food delivery projects. Applicants must demonstrate that they will sell fresh fruits and vegetables in underserved communities, especially to SNAP and Special Supplemental Nutrition Program for Women, Infants and Children (WIC) participants.
	HCR 209	Requests the Board of Elementary and Secondary Education to study the feasibility of increasing PE units required for high school graduation.
	Act No. 256	Provides for health-related fitness assessments to determine physical fitness levels of students in schools. Review of current pilot program using Fitnessgram with intent to expand statewide.
	Act 180	Requires the Department of Education to hire a Health and Physical Education Coordinator who will be responsible for the development, implementation, and monitoring of health and physical education curricula in all public elementary and secondary schools in the state.
	Act 734	Physical fitness and nutrition of students. Establishment and implementation of a pilot program and School Health Awards for outstanding program of physical activity. Public schools, grades K-6, provide 30 minutes each school day of quality, moderate to vigorous physical activity.
	ACT 286	Requires physical activity for students (K-8, at least 30 min per day) and establishment of School Health Advisory Councils in each city, parish and other local public school board.
	ACT 351	Provides that elementary, secondary, or charter schools that enter into a joint-use agreement do not incur any liability for injuries to persons or property. Joint use agreements expand access to playgrounds, gymnasiums, and tracks that are already located within communities

	SCR 95	Requests the Department of Education to issue a report as to the number of joint-use agreements in place throughout the state and include a plan to promote the use of such agreements.
	SB 309	Provides for health-related fitness assessments to determine physical fitness levels of students in schools to reduce childhood obesity, including baseline measures of fitness and body mass index and measurement of the effectiveness of interventions. The bill expands a pilot program to provide statewide implementation focused on school systems with high poverty levels.
	HB 400	Requires public schools to provide at least 30 minutes of physical activity each school day for students in grades seven and eight. The bill also requires each city, parish and local school board to establish a local school health advisory council, the members of which shall be appointed by the school board.
	Bulletin 741	Requires students in grades 1-8 to receive 150 minutes of physical education per week. Allows an approved Junior Reserve Officer Training Corp program to be substituted for the 2 credits of health and physical education upon board approval. This code further allows students to be exempted from this requirement for medical reasons only, but the number of credits required for graduation remains at 23.
	RS 17:17.1	Requires each elementary and secondary school to provide improved physical activity and fitness in schools by encouraging innovative physical education programs.
	Bulletin 741	Requires 1.5 units of physical education for public high school graduation. In The Louisiana Handbook for Nonpublic School Administrators (2005), requires 2 units of health and physical education for non-public high school graduation.
	RS 17:276	Requires each public secondary school to offer, as part of the physical education program, sexually segregated contact sports and sexually integrated noncontact sports with the options for students to choose either or both.
	RS 17:1941	Requires school districts to make available physical education services, specially designed if necessary, to every student with a disability receiving a Free and Appropriate Public Education (FAPE). It also requires schools to make available specially designed physical education (Adapted Physical Education) for students with disabilities as prescribed in the student's Individual Education Program (IEP).
	Bulletin 102	Outlines state Physical Education Content Standards (2009). The standards document also serves as a suggested curriculum framework, although local schools are not required to adhere to it.
	RS 17.17.5	Provides for health-related fitness assessments to determine physical fitness levels of students in school. The bill expands a pilot program to provide for statewide implementation focused on school systems with high

		poverty levels.
	Act No. 147	Provides for bicyclists and vehicle safety.
	SCR 110	Requests formation of a complete streets work group in the Department of Transportation and Development that will develop complete streets guidelines that will apply any time state or Federal funds are used to build a roadway or bridge.
	SCR 77	Requests the Department of Health and Hospitals (DHH) and DOE to examine the adequacy of current practices for ensuring preventive health and well-being of adolescents in Louisiana.
	ACT 288	Provides for the establishment and administration of a targeted coordinated school health program for the purpose of reducing childhood obesity and a grant program to assist public school governing authorizes with implementation.
	HB 538	Creates the Agricultural Products Processing Development Fund to support development and enhancement of processing raw agricultural products by providing loans to eligible facilities through the Louisiana Agricultural Finance Authority.
	HB 358	Provides that elementary, secondary, or charter schools that enter into a joint-use agreement do not incur any liability for injuries to persons or property. It does not exclude liability for gross negligence or willful and wanton misconduct. Provides that the school executing a joint-use agreement shall require the other party to maintain and provide proof of insurance coverage. Provides much needed clarification and will expand access to playgrounds, gymnasiums, and tracks that are already located within communities.
