

Magnolia Local

(Limited In-Network Provider Only Plan)

The Magnolia Local plan is a **limited provider in-network only plan** for members who live in specific coverage areas. Magnolia Local is a health plan for members who want local access, affordable premiums and a new approach to health care.

Out-of-network coverage is provided **only** in emergencies and members may be subject to balance billing.

Magnolia Local

What is different about Magnolia Local?

- **Your network of doctors and hospitals is more defined** than other plans. You still have a full network of primary care doctors, specialists and other healthcare providers in your area.
- **You have a coordinated care team** that talks to one another and helps you get the right care in the right place.
- **Staying in network is very important!**
- Your residence will determine which Magnolia Local network you will use.

Before you choose Magnolia Local, consider this:

- Which doctors/clinics/hospitals do you go to the most?
- Are those providers in this network?
- **Staying in network is very important!** As long as you receive care within your network, you will pay less than if you receive care outside of the network.
